

# 156TH STREET PROJECT

**PROJECT INFORMATION**  
**AUG/SEP 2021**

## CONSTRUCTION UPDATE

With the placement of pavement up to CW Haden Drive this week, the final section of the 156th Street project is scheduled to be removed and replaced starting August 18th. **This will require a FULL closure of the CW Haden Drive intersection with 156th Street starting on August 30, 2021 around 8:30am.** We estimate that the intersection should be re-opened by September 13, 2021 (pending weather). Once the intersection is completed, it is anticipated that 156th Street will re-open to through traffic in early to mid-September. The contractor can complete the final grading, seeding and finish work under traffic with some temporary lane closures. All work is expected to be completed by the end of September 2021.

As the new school year begins on August 18th, drivers will find the traffic signal at 156th and Bennington Road is operational. Please note the use of a flashing yellow arrow (instead of a green ball) for the left turn movement that yields to through traffic. We also ask that parent picking up students at Bennington Elementary not stop and wait on 156th Street as that causes a safety concern for both vehicles and pedestrians.

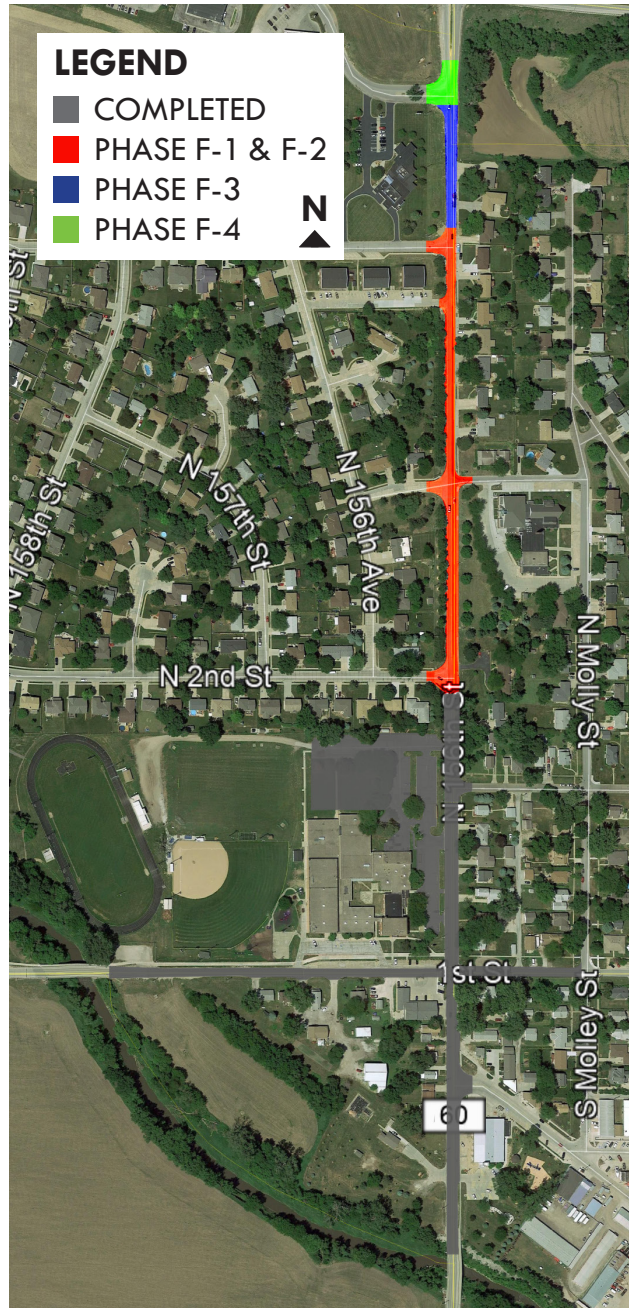

The City of Bennington appreciates everyone's patience with the extended schedule on this project. For any questions or concerns, please contact the project contacts or visit the project's Facebook page listed below.

## PROJECT CONTACTS

**Marvin Lech, NDOT District 2, Construction Engineer**  
402-595-2534  
marvin.lech@nebraska.gov

**Jeff Webert, K2 Construction, Project Manager**  
402-467-2355 / 402-890-2299  
jwebert@k2construction.biz

 **A Facebook group has been set up for the project. Please see the following for information:**
